

BUILDING THE AI-POWERED FUTURE

Complete Two-Anchor Script • Collaboration with IBM SkillsBuild & 1M1B

■ OPENING — YOU

Anchor 1:

Good morning everyone!

What if the future of technology is not just intelligent, but actually capable of thinking, retrieving information, and taking action?

That future is already here!

A very warm welcome to everyone to “**Building the AI-Powered Future,**” in collaboration with **IBM SkillsBuild and 1M1B.**

Today, we'll explore **Generative AI, AI Agents, and RAG** through an exciting hands-on learning experience.

So, keep your curiosity high and your **laptops ready**, because today we're not just learning about AI — **we're experiencing it!**

■ WELCOME TO HODs

■ IBM SKILLSBUILD & 1M1B

Anchor 2:

This workshop brings together academic learning and industry-oriented exposure through the collaboration of **IBM SkillsBuild and 1M1B.**

Anchor 1:

And collaborations like these are what turn **learning into opportunity.** We sincerely appreciate IBM SkillsBuild and 1M1B for bringing emerging technologies closer to our students and creating a platform where young minds can learn, experiment, and innovate.

■■■ RESOURCE PERSON 1 — DR. KANTHI KIRAN SIRRA, PhD

Anchor 1:

Now, we have someone with us whose experience represents the real-world side of Artificial Intelligence.

It is my privilege to introduce our first resource person, **Dr. Kanthi Kiran Sirra, PhD**, Principal AI Consultant — **Agentic AI, MCP & Enterprise LLM Systems**.

Anchor 2:

Dr. Kanthi Kiran Sirra brings with him **17+ years building and shipping production AI/ML systems for enterprise clients across India, Japan and the United States**.

Anchor 1:

His current practice is hands-on agentic AI: **multi-agent pipelines in LangGraph and CrewAI, custom MCP servers that expose enterprise databases and APIs as governed tools to LLM clients, RAG and GraphRAG retrieval stacks on Azure**.

Anchor 2:

He also works on the **evaluation and observability layer — RAGAS, DeepEval, Langfuse — that makes those systems safe to put in front of users**.

Anchor 1:

Every module he teaches is a system he has built and run in a client environment.

So, we are not just learning concepts today — **we are learning from real-world experience**.

Sir, we are extremely delighted to have you with us.

A very warm welcome to you, and the stage is yours!

■■■ RESOURCE PERSON 2 — SAGAR K

Anchor 1:

Moving ahead, we are honoured to welcome someone who has been working closely with young people and creating opportunities for them through skilling and emerging technologies.

Anchor 2:

Sagar K works as Operation Head Skilling Programs & Grassroot Initiatives for Andhra Pradesh in 1M1B Foundation.

Anchor 1:

He handles the **on ground implementation of all the 1M1B initiatives in the state**.

Anchor 2:

Over the last **6 years** he has handled various projects like **skill development for youth, conducting job mela, livelihood projects for women and emerging technology programs of IBM, Meta, Ey, Tata Power, Godrej, Salesforce and Adobe**.

Anchor 1:

He is passionate about **creating an impact in the lives of young people and helping them grow in their career**.

Anchor 2:

His work reflects a strong commitment towards creating meaningful opportunities and making a real impact in the lives of young people.

Anchor 1:

■ INAUGURATION

Anchor 2:

And now, let us officially begin this exciting journey.

Anchor 1:

May I request our respected dignitaries and HODs to kindly come forward for the **inauguration of “Building the AI-Powered Future.”**

Stage Note:

[INAUGURATION]

Anchor 1:

And with that, **the journey into the AI-powered future begins! ■**

■ HANDS-ON SESSION

Anchor 1:

Now, it's time to move from **learning to doing!**

Students, please keep your laptops ready and actively participate in the hands-on session.

Don't just watch AI — build with it!

■ CLOSING — YOU

Anchor 2:

We sincerely thank IBM SkillsBuild, 1M1B, our resource persons, HODs, faculty members, and all the students for making this session meaningful.

Anchor 1:

And let's take one thought with us today:

The future isn't something we wait for — it's something we build.

Thank you everyone, and have a **wonderful day ahead!** ■■
